

NCDHHS Program Descriptions www.ncdhhs.gov

North Carolina Medicaid (Division of Health Benefits)	Provides access to physical and behavioral health care and services to improve health and well-being for North Carolina citizens. Services NC Medicaid manages include but are not limited to: • Physical, behavioral health, and substance use services, • Pharmacy Benefits, and • Services and supports for people with chronic and long term health care needs.
Food and Nutrition Services	Provides low-income families or individuals the food they need for a nutritionally adequate diet. Benefits are issued via Electronic Benefit Transfer cards. Users may use the ebtEdge Mobile app to check balances and locate stores that accept benefits.
Emergency Child Care Subsidy (COVID-19)	Provides assistance for essential workers needing child care services during the COVID-19 crisis. Enrolled providers vary and have agreed with the State of NC to remain open and accepting enrollments from families of essential workers for specific timeframes established for COVID-19.
Subsidized Child Care Assistance	Provides ongoing financial assistance via vouchers for families in need of child care services from enrolled providers. Eligibility may be limited based on financial and situational criteria.
Temporary Assistance for Needy Families (TANF)	Provides parents (and some situations where children reside in the care of relatives) with short-term training and other services to help them become employed and moving towards self-sufficiency. Also known as Work First or Cash Assistance Programs.
Low Income Energy Assistance & Crisis Intervention Programs	Provides assistance through vendor payment to help households pay heating and cooling bills.
Child Support Services	Available to anyone needing help to establish paternity, establish and collect a court order obligation for child support, or collect child support on an existing obligation. The program is not authorized to assist with custody, visitation, or property disagreements.
